

School Scholarship Program

Public Education has scholarship funding available for economically disadvantaged schools (e.g. 50% or more of students eligible for free & reduced lunch) to cover program fees and bus costs. Submit this application form at least **FOUR WEEKS** before the program date requested to: *schoolscholnhm@ku.edu*, or by mail to *Public Education, KU Natural History Museum, Dyche Hall, 1345 Jayhawk Blvd, Lawrence, KS, 66045-7593*, or by fax (785) 864-5335.

Helpful Information

Only one school workshop can be taken at any given time (we have one classroom). However, a workshop and a gallery activity can run simultaneously. We recommend that large groups/multiple classes attending the same workshop split themselves into 2 or 3 groups and rotate between programs (workshop and/or gallery activity), a self-guided exploration of the museum (discovery guides are available online that you can copy and use during your visit), and/or lunch.

Note: If awarded a scholarship and you cancel or fail to attend your programs, future applications will not be considered.
